

You are the Salt of the Earth . . .
You are the Light of the World.

Today is Scout Sunday in many churches. For 103 years, the mission of the Boy Scouts of America (BSA) has been "to prepare young people to make ethical choices." To their credit, the BSA has heroically withstood bullying from homosexual activists...until now. Now officials from the organization have indicated that this may be about to change. The BSA says that it is "discussing potentially removing the national membership restriction regarding sexual orientation."

Jesus warned: *Whoever causes one of these little ones who believe in Me to sin, it would be better for him if a millstone were hung around his neck, and he were drowned in the depth of the sea.* (Matthew 18:6 NKJV) From a purely spiritual perspective, allowing homosexual scout leaders would place the BSA on dangerous ground.

From a practical perspective, departing from their long-held policies would be devastating to an organization that has prided itself on the development of strong moral character in boys. It would also place these impressionable young men at risk to unwanted exposure to values contrary to those taught by their parents and pastors... or even worse.

As the BSA board meets on Monday, it is crucial that they hear from you. Please call the Boy Scouts of America at 972-580-2000 and tell them that you want to see the organization stand firm in its moral values and respect the right of parents to discuss sexual topics with their own children rather than risk the safety of millions of boys to appease radicals.

Please call the Boy Scouts at 972-580-2000!
