December 2018 | For more info visit frc.org

FRC's vision is an American culture in which all human life is valued, families flourish, and religious liberty thrives.

Founded in 1983, Family Research Council (FRC) has provided biblically-based analysis, research, and logical arguments on policy issues for 35 years. Our mission is to advance faith, family, and freedom in public policy and the culture from a Christian worldview. Led by Tony Perkins, with a dedicated staff of 85 individuals, FRC is one of the largest and most effective pro-family ministry in our nation's capital. Our departments work together to inform and influence policy makers, leaders, pastors, and believers across America:

- **Policy** – Our world-class experts craft policy that is rooted in biblical truth and the latest social science research.
- **Government Affairs** – Our seasoned team influences legislation and leaders on Capitol Hill on behalf of American families.
- **Communications** – Our team connects with nearly 400,000 engaged citizens on a regular basis through our Updates and Alerts, as well as millions more through media interviews, videos, webcasts, a family of websites, and our daily *Washington Watch live with Tony Perkins* radio program.
- **Church Ministries** – Our team encourages and equips 14,000 pastors and churches across the nation to be salt and light in their communities.

As we count our blessings this season, we thank God for all that He allowed us to accomplish through the prayers and partnership of faithful supporters:

- **Pushed for the confirmation of Justice Brett Kavanaugh** to the Supreme Court to replace Justice Anthony Kennedy after a vicious smear campaign, securing a historic shift of the court back to the Constitution after 60 years.
- **Mobilized thousands to pray for Pastor Andrew Brunson's release** from a Turkish prison after nearly two years of captivity.
- **Successfully petitioned for Air Force Colonel Leland Bohannon to be reinstated** after being punished for acting according to his biblical beliefs regarding natural marriage.
- **Raised awareness of key cases that won at the Supreme Court** including NIFLA v. Becerra that halted California's assault on the free speech of pregnancy care centers and the case of Colorado baker Jack Phillips who was targeted for his beliefs regarding the biblical definition of marriage.
